1. United Nations Decade of Ocean Science for Sustainable Development: initiatives, ideas, proposals, perspectives

The Food and Agriculture Organization of the United Nations (FAO) invited to join forces with the Intergovernmental Oceanographic Commission of the United Nations (IOC) and its partners in the co-design of the UN Decade of Ocean Science for Sustainable Development. FAO is convinced of the large potential of our oceans and coasts to contribute to sustainable development, and stands ready to work with the IOC in ensuring this potential is achieved.
