### **SPECIFIC REQUIREMENTS / INFORMATION (IF ANY)**

The Climate Technology Centre and Network (CTCN) is the Operational arm of The United Nations Framework Convention on Climate Change (UNFCCC) and hosted by United Nations Environment Programme (UNEP). The mission of the CTCN is to promote accelerated development and transfer of climate technologies at the request of developing countries for energy-efficient, low-carbon and climate-resilient development.

CTCN provides technical assistance to the countries using its own funds ( which it receives through voluntary contributions of donor) or through the other funding sources specifically the Green Climate Funds (GCF) through the Readiness Programme. The requests for Technical Assistance (TA) are submitted to the CTCN by the National Designated Entity (NDE) of the respective country. In this present case the CTCN has developed a response plan and expect to implement the technical assistance on its own funding.

In case you are not a CTCN network member yet, you may apply for this REOI and subsequent solicitation (Request for Proposal), subject to the condition that you submit your completed application for CTCN membership before the proposal submission closing date, which will be communicated in the subsequent Request for Proposal in due course of time. Furthermore, the contract award – should your proposal be selected – is conditional to your application for CTCN network membership being approved by CTCN management. The requirement to join the CTCN network is only relevant to the main bidder and not subcontractors. Please find more information to join CTCN Network at- <https://www.ctc-n.org/network>

The purpose of this REOI is to identify suitable firms who may be invited for the Request for Proposal after the REOI is closed. In addition to CTCN registration, all applicants should also be registered (free of charge) at United Nations Global a CTC ( )7eF0575 25007-r86.37999725 0 TDDctcSsubmit
