

Article 1. The baselines from which the breadth of the French territorial sea adjacent to the Crozet Archipelago (French Southern and Antarctic Territories) comprising L'île aux Cochons, les îlots des Apôtres, l'île des Pingouins, l'île de la Possession and l'île de l'Est, is measured, shall be defined by the basepoints and lines indicated in the table in articles 2 to 6, and by article 7.

In these tables, all coordinates are expressed in the national geodetic system of reference, RGTAAF07, compatible with the World Geodetic System of 1984 (WGS84).

The tables contain the following information:

- First column: name of the island or islet;
- Second column: point;
- Third column: name of point, where applicable;
- Fourth column: latitude;
- Fifth column: longitude
- Sixth column: type of line connecting the basepoint. This line may be a rhumb line (a straight baseline) or the low-water line.

Article 2. The baselines from which the breadth of the French territorial sea adjacent to l'île aux Cochons is measured, shall be defined by the following basepoints and lines:

| ISLAND | POINT | NAME | LATITUDE | LONGITUDE | TYPE OF LINE |
|---------|-------|--------------------|---------------|---------------|-----------------|
| Cochons | CO01 | - | 46° 03' 39" S | 50° 12' 19" E | Rhumb line |
