The Permanent Mission of Nicaragua to the United Nations presents its compliments to the Secretary-General of the United Nations and has the honour to refer to the

In that regard, Nicaragua states that its Submission does not in any way encroach upon any rights over maritime areas to which Costa Rica is entitled under international law, thus reiterates the content of its Submission to the Commission on the Limits of the Continental Shelf, which was made in accordance with Article 76 and Annex II of the United Nations Convention on the Law of the Sea.

Moreover, as Nicaragua observes in the Executive Summary of its Submission in accordance with article 76(10) of the United Nations Convention on the Law of the Sea, the Submission is made without prejudice to the question of the delimitation of the continental shelf between Nicaragua and neighbouring States.
