THIRD INTERNATIONAL DECADE FOR THE ERADICATION OF COLONIALISM

Provision of development assistance to Non-Self-Governing Territories

Reporting Period: March 2017 to March 2018

The most affected social sector was housing, and while Anguilla's housing infrastructure withstood

promoting multisectoral collaboration during the disaster risk management process. Altogether, given their limited fiscal space, the impacted Territories have received from ECLAC a series of technical assistance activities

mobilization and technical advice from the international community.

In this regard, Anguilla used this assessment as a guide to mobilize resources and technical assistance
