Si la cuestión del Sáhara Occidental se hubiera arreglado

en la reunión de la ONU en 1960, el Sáhara Occidental no habría sido ocupado por Marruecos. La situación actual es una consecuencia directa de la falta de voluntad política y la negligencia de las Naciones Unidas y sus miembros. Los países que apoyaron la independencia del Sáhara Occidental en 1975, como Francia, Reino Unido, Estados Unidos y Canadá, deben asumir responsabilidad por su papel en la creación de un conflicto que ha durado más de 50 años. La situación actual es una violación flagrante de los principios fundamentales de la ONU y de la Carta de las Naciones Unidas, y debe ser corregida de acuerdo con el Acta Constitutiva de la Unión Africana.

Madame Chairman, dear distinguished representatives of Member States,

There is no question whatsoever that lack of

responsible leadership has led to the current situation.

It is time for the international community to take action and end this unnecessary suffering.

We must work together to find a just and lasting solution to the Sáhara Occidental conflict.

Let us remember that peace and justice are the pillars of our world.

Thank you for your attention and support.

Let us continue to work towards a better future for all.

Thank you again for your support and cooperation.
