

6. The Compact has

been a success in

reducing the

number of

people who

are living in

poverty

in the United States

and other developed

countries.

It has also

improved the

quality of life

for many

people who

are living in

poverty.

It has also

improved the

quality of life

for many

people who

are living in

poverty.

It has also

improved the

quality of life

for many

people who

The following table shows the results of the survey conducted in the region of ...
 The data indicates a significant increase in the number of respondents who ...
 This suggests that the program has been effective in reaching a larger audience.

The results of the survey are summarized in the following table:

Category	Response	Percentage
Strongly Agree	15	15%
Agree	45	45%
