

Statement for Dialogue 2 on Partnerships and innovative initiatives for the way forward

Academic Council on the United Nations System and The Open University
Dr Tendayi Bloom

Today, as a member of the Academic Council on the United Nations System and a member of the Open University, of course as an academic I speak in my own voice and not on

behalf of the institution. Chair, statelessness is mentioned in Objective 4 of the Global Compact for Migration but has been little mentioned at this gathering.

To address this, I offer a comment produced from a cooperation between academia and the civil society network, the European Network on Migration and the Open University. It is a comment on the Global Compact for Migration and the Sustainable Development Goals.
