The way of Ministers is to be simple and direct. They should not be like the philosophers who are so full of words and who are so full of ideas. They should be like the people who are so full of life and who are so full of love. They should be like the children who are so full of joy and who are so full of hope.

Conclusion

The way of Ministers is to be simple and direct. They should not be like the philosophers who are so full of words and who are so full of ideas. They should be like the people who are so full of life and who are so full of love. They should be like the children who are so full of joy and who are so full of hope.

The way of Ministers is to be simple and direct. They should not be like the philosophers who are so full of words and who are so full of ideas. They should be like the people who are so full of life and who are so full of love. They should be like the children who are so full of joy and who are so full of hope.

The community agrees that migrants should be received and treated in a manner that their human

rights are respected and that they should be treated with dignity and respect.
