Promoting international humanitarian law

14. The ICRC continued its work to promote knowledge of and compliance with IHL and to promote that law's incorporation in training programmes intended for military personnel and other weapon bearers. ICRC programmes directed towards civilian schools and universities were also actively pursued. At the time of writing, the ICRC's educational module "Exploring Humanitarian Law" was being developed within the secondary school curriculum of some 70 States around the world.

Legal and technical assistance for development and national implementation of international humanitarian law

15. Throughout the period under review, ICRC legal experts attended numerous
