

Government of Japan's Intervention
for Cluster 2 on the 6th Committee Meetings 1h session

New York, 10-14 April 2023

Thank you, Chair.

- Japan believes that it is desirable for this draft article to gain broad support.
- In this regard, it is necessary to carefully deepen the discussion on Article 2, taking into consideration the clarity of the elements of crime, which is the general principle of criminal law.
