

Keynote Speech by H.E. Yun Byung-se
Minister of Foreign Affairs of the Republic of Korea

The 3rd International Conference on Financing for Development

Mr. President,

Korea is the prime example of a least-developed-country-turned-donor. As such, we know from experience what it takes to overcome poverty and promote sustainable development.

As part of such efforts, Korea has been significantly increasing our ODA, and will make steady efforts in that direction. In particular, we are committed to supporting the most

vulnerable groups.
