V

E/C.18/2010/CRP.1

considerably but would require the user of the UN Commentaries continually to refer back to their copy of the OECD Commentaries. It could also be difficult in places where a UN Commentary quotes the relevant OECD Commentary but notes divergences between the UN/OECD Models or interpretations. An example is UN paragraph 12 of

E/C.18/2010/CRP.1

source versus residence basis that are not in accordance with the "developing" versus "developed" distinctions.

7. The approach adopted in the draft is to retain the "developing" versus
