Guidelines and Format for reporting on:
Progress towards implementation of the UN Strategic Plan for Forests 2017-2030, the UN
Forest Instrument (UNFI), and the Voluntary National Contributions (VNCs)

1. The format is largely narrative, reflecting the qualitative nature of the majority of targets. It builds on and further simplifies the UNFF11 reporting format and is structured around the newly adopted Global Forest Goals (GFGs) and targets of the UNSPF.
2. Member States are asked to submit only information that is not currently provided to CPF member organizations, or that is unavailable in other international databases, as to the extent possible, the information submitted by countries to the UNFFS will be supplemented

national ministries to complete the reporting format, including, for example, the

spin-off benefits for enhancing livelihoods. The industry has grown from strength to strength in most parts of the country and continues to grow.

Target date for completion (if applicable): End of 2020 for the review of the Policy and Legislation

Plans are currently being reviewed to enable orderly management, utilization and conservation of the countries forest resources.
