(e) Any additional comments on goal 1:

(ii) Institutional actions

List of actions: Forest FORCES project; Hwange Sanyati Biological Corridor (HSBC) project, Kariba REDD project

Description of actions: Forest FORCES implemented from 2013 to 2018 with overall objective to improve food security for vulnerable rural communities through participatory sustainable forest management and valorisation of forest products, diversified livelihood strategies and enhanced capacity to deal with shocks.

The HSBC project was implemented from 2014 to 2019 to address issues of provision of safety nets for communities living within the corridor through capacity building to implement forest based enterprises that include bee keeping.

Kariba project addresses livelihood support through sale of carbon credits and non-carbon benefits for the local communities

(iii) Financial actions

<p><i>List of actions:</i></p> <p><i>Description of actions:</i></p>

(iv) Technical and scientific actions

<p><i>List of actions:</i></p> <p><i>Description of actions:</i></p>

(b) What other action is being taken (by the Government, the private sector, communities, civil society or others) in your country in support of the achievement of goal 2?

--

(c) How does the action listed above support the implementation of the United Nations forest instrument?

<p>Create an enabling environment for actions and activities that aim to reduce poverty for rural communities (household incomes), deforestation and improve forest cover and sustainable forest management</p>

(d) What are the main challenges in achieving goal 2 in your country?

(e) If your Government has announced a voluntary national contribution or contributions relating

(iv) Technical and scientific actions

(b) What other action is being taken (by the Government, the private sector, communities, civil society or others) in your country in support of the achievement of goal 3?

(c)

(f) Any additional comments on goal 3:

7

(d) Is your country (the Government, the private sector, communities, civil society or others) engaged in international cooperation to promote sustainable forest management?

Yes

If yes, please specify the entity or entities with which your country is cooperating:

Governments

Intergovernmental organizations/processes

Private sector

Non-governmental organizations

Types of cooperation:

North-South

South-South

Technical

Financial

Areas of cooperation:

Forests and climate change

Forest biodiversity

Valuation of the ecosystem services provided by forests

Socioeconomic issues, including livelihoods

Forest degradation and rehabilitation

Scientific cooperation

Forest monitoring/data collection

Technology transfer and capacity development

Production of timber or non-timber products

(e) Since 2015, has your Government developed or implemented financing strategies to achieve sustainable forest management and to implement the United Nations forest instrument?

No

If yes, what is the time frame for these strategies (multiple answers possible, if there is more than one strategy)?

2–5 years

10–20 years

More than 20 years

8

□ □ □

5.1 Number of countries that have integrated forests into their national sustainable development plans and/or poverty reduction strategies is significantly increased

5.2 Forest law enforcement and governance are enhanced, including through significantly strengthening national and subnational forest authorities, and illegal logging and associated trade are significantly reduced worldwide

5.3 National and subnational forest-related policies and programmes are coherent, coordinated and complementary across ministries, departments and authorities, consistent with national laws, and engage relevant stakeholders, local communities and indigenous peoples, fully recognizing the United Nations Declaration on the Rights of Indigenous Peoples

5.4 Forest-related issues and the forest sector are fully integrated into decision-making processes concerning land use planning and development

5. (a) Please describe major actions taken in your country to move towards goal 5 and its associated targets. More detailed information on actions for each target may be supplied below.

⁸ Goal 5 and its targets support and contribute to the achievement, among other things, of targets 1.4, 2.4, 5.a, 15.9, 15.c, 16.3, 16.5–16.7, 16.10 and 17.14 of the Sustainable Development Goals, as well as Aichi Biodiversity Targets 2 and 3, and are supported by paragraphs 6 (a), (c), (k), (l), (n) and (w) and 7 (c) and (h)–(j) of the United Nations forest instrument.

(b) If your Government has announced a voluntary national contribution or contributions relating to goal 5, please provide brief information, including target dates and the progress made thus far.

(c) In your country, have forests been integrated into national sustainable development plans and/or poverty reduction strategies?

(f)

(d) Since 2015, have actions been taken (by the Government, the private sector, communities, civil society or others) in your country to communicate and promote a greater understanding and awareness of sustainable forest management?

Yes

If yes, please specify in a maximum of 250 words:

(e) Have actions been taken by your Government to involve major groups and other relevant

Please provide a brief description:

(b) What action has been taken (by the Government, the private sector, communities, civil society or others) in your country in observance of the International Day of Forests?

Cultural activities (for example, art, music, film and theatre)

Educational activities (for example, workshops and symposiums)

Media activities (for example, newspapers, magazines, television and radio)

Social media activities

Other

Please provide two to three examples and, if possible, a weblink or weblinks to relevant documentation:
