

STATEMENT BY H.E. AMBASSADOR DOMA TSHERING

brought closer to the IPOA's overarching objective, we note

7. Third and most importantly, our next program of action must have ambitious language around Climate Change. For Bhutan, a landlocked least developed country with a fragile mountain ecosystem, the impact of climate change is severe. Himalayan glaciers are melting at alarming rates, infact its potential for devastation was witnessed within our region in the past 48 hours, in the Indian state of Uttarakhand. Increasingly intense
