

DECISIONS TAKEN BY THE COUNTER-TERRORISM COMMITTEE (CTC) RELATED TO THE FRAMEWORK DOCUMENT FOR COMMITTEE VISITS TO MEMBER STATES

20 October 2008

- Member States to be visited shall have an opportunity to meet, on a voluntary basis, with the members of the Counter Terrorism Committee before the Committee's consideration of the final visit report, in order to present their views on the visit and its outcome.
 - CTED will inform the States to be visited about this opportunity during the preparations and the conduct of the visit.
 - Once the date of the meeting of the Committee to consider the final report is established, the Chairman of the Committee will officially inform the Permanent Mission of the concerned Member State about the date for the consideration of the report by the Committee, and will invite the visited State to meet with the members of the Committee in an informal setting, if the State wishes to do so.
 - The holding of the meeting between the Permanent Mission and the Committee members shall not be a precondition for the adoption of the final visit report by the Committee.
-
