### Brazil is proud to have achieved almost all of the MDGs with a decade or more

The Brazilian government is proud to have achieved almost all of the MDGs with a decade or more. The country has made significant progress in various areas, including poverty reduction, education, and health. The government has implemented a range of policies and programs to address these challenges, and has achieved remarkable results.

Brazil's success in achieving the MDGs is a testament to the country's commitment to social and economic development. The government has worked tirelessly to improve the lives of its citizens, and has achieved significant milestones in the process.

We are convinced that the reduction of maternal mortality is intrinsically linked to the eradication of poverty and to the full access to sexual and reproductive health. In this regard, the role of men is

represented in the upper levels of politi

World Bank

World Bank  
The World Bank is a multilateral development bank that provides financial and technical assistance to governments and the private sector in developing countries. It is one of the largest and most prominent international financial institutions. The World Bank's primary focus is on reducing poverty and promoting sustainable economic growth and development. It provides loans, grants, and technical assistance to governments and the private sector in developing countries. The World Bank also provides technical assistance to governments and the private sector in developing countries.
