Gender distribution of staff in the Professional and higher categories	
--	--

Percentage comparison of women in the professional and higher categories with appointments of one year or more in the United Nations system and ICSC
December 2010

*Source: CEB Table 1431 December 2010

As of 31 December 2010, women in the UN system constituted:

- x 40.3% (12,005 out of 29,763) of all staff in the professional and higher categories with appointments of one year or more (P2).
- x 29.3% (784 out of 2,674) of all staff at the D1 level and above (P5-P2).
- x 41.4% (11,221 out of 27,089) of all staff at the P level (P5-P2)

Gender balance has only been achieved at the ICSC (57.3%).
